## Course Modules

**Influential communication:** (2 days) : NLP communication models are vital tools for enhancing your communication. In this segment of training, participants get to know different tools and techniques to enhance their communication skills.

**Leadership Essence :** (2 days) : Vision, Mission and Values as leaders are important aspect of Leadership success. NLP helps us to frame vision, mission statements and understand the leadership values. Participants will be able to set quantum leap goal as a leader and will have great strategies to achieve it.

**Business Coaching ( 8 weeks) :** Business Coaching is a focused discussion with a group or an individual targeted to helping them to improve their performance and grow the business. business coaching is geared to the business owners and leaders to groom next generation leaders.

**Interpersonal Relationships:** (2 days) Working with people, is one of the most critical skills required to succeed in today's competent world, and many fails. Perceptual positions, Drama Triangles and a set of similar interpersonal communication models, help participants to be aware about their existing interpersonal skills and help them to improve it.

**Stress Management :** (8 hours):Employees suffering from high stress levels have lower engagement, are less productive and have higher absenteeism levels than those not working under excessive pressure, according to research from professional services firm Towers Watson. In this segment, participants will be introduced to simple and effective stress management methods that can be practised anywhere, anytime.

**Public Speaking Excellence :** ( 2 days) :The biggest fear of on the earth, after death, is the fear of public speaking. Through time tested NLP tools and with help of different coaching models participants will be able to present themselves in front of an audience with ease and panache. Different models of public speaking like – Story telling, Persuading People, Motivating people, Humour – will be shared with the participants.

**Boost your confidence** : (2 days): Confidence is vital for success. In this segment of training, participants will get to know the reasons for low confidence, and they also will learn the secret behind super confidence. Concepts evolved out of Psychology, NLP, Mind Mapping, will be shared with the participants.

**Goal setting and Well formed Outcomes** : (8 hours) :A wrong goal setting method is as good as NO GOAL SETTING. Learn the internationally used Goal setting models. This is a time tested method and can be used by anyone irrespective of grades or designation or educational qualification.

**Creative Thinking** : (2 days) : Using both sides of the brain is important for success. By using creative side of the brain or the right brain, we will be able to get solutions for the most difficult problems. In this session, participants will be exposed to creative aspects of problem solving and will be able to develop a creative bend of mind toward problem solving.

**Giving and receiving Feedback** : ( 2 days) : Giving feedback to your colleagues and employees provides them with an observer's insight into how their performance is progressing, as well as advice to solve any problems. But, for a number of people, hearing the six words, "Can I give you some feedback?" generates fear and anxiety. Learn the art of effective feedback!

**Business Communication for Managers** : ( 2 days ) The cornerstone of all business is good communication. Our Communication Skills Training can be tailored as an in-house management programme to address specific issues within your company, or you can attend one of our Communication Skills Open Courses.

**Leadership Discovery** : ( 2 days ) This is an exciting leadership development program for emerging and middle managers designed to heighten their leadership skills. How to make Vision and Mission stories? Aligning with Business Goals. Understanding stake holder expectation. Understanding others – building trust and rapport
